1997: ("As you sow so shall you reap") took meaning. They were unsuccessful. We felt honored at the display of customer loyalty. Nevertheless, introduced the best homemade spinach dip SPINACH PLUNGE, you'll ever eat. The name "Spinach Plunge" was given by Ms. Rebecca, an employee.

1998: Introduced the FALAFEL, and the HUMMOS DIP both of Middle East origin.

2011: We are the oldest non-barbeque restaurant in town.

2016: In 1996 when we moved to this location the idea was to buy the property, the old lady Ms. Davenport who owned it pleaded that it would change the taxes etc. she was paying and was thus agreed that on her demise the property will be sold to us. Unfortunately for us the heirs to the property did not honor the promise. Its sad to see the property is in a bad shape.

2025: We need to move. This building with no lease since 2017 or ownership is falling apart. Please help with relocating.
